

## ESTATE WINES

### PHILIPP'S ROSÉ, DRY

Philipp's Rosé is a real summertime classic. Served chilled on the terrace, in the garden or accompanied by barbecued food, this light, mildly acidic and delicately fruity rosé with an intense aroma of wild strawberries can be enjoyed in many different ways. This cuvée is made from five different varieties: Pinot Noir, Blaufränkisch, St. Laurent, Merlot and Cabernet Sauvignon. It is made from pure must that has been extracted from red wine grapes. In France, this century-old method is referred to as "saigner", which means "bleeding". It is used to produce the finest and fruitiest rosés in the world.

### PHILIPP'S RIESLING (LITRE)

A juicy, fun-loving Riesling with a lively rather than aggressive acidity. Rich in finesse with the delicate aroma of apples, peaches and limes. This scent carries over to the palate and is rounded off by a delicate hint of fruity sweetness. Litre wine can be exciting, and this wine proves the point.

### "TRADITION" RIESLING, DRY

A juicy Riesling with harmonious levels of acidity; an uncomplicated, fun-loving wine that can be enjoyed at any time without lowering one's standards. Rich in finesse and delicate with an intensive aroma of ripe apples, quinces, vineyard peaches and apricots. This scent carries over to the palate and is rounded off by delicately melting, fruity sweetness. The grapes originate from the three terroirs that are typical of Laumersheim i.e. limestone, loess and quartz sand.

### "TRADITION" PINOT NOIR (MATURED IN WOODEN BARRELS)

This Pinot Noir originates from various vineyards around Laumersheim and Großkarlbach: Loess loam soils mixed with fine-grained limestone shape these wines. A medium-bodied Pinot Noir whose elegant aromas conjure up the scent of ripe wild strawberries, dried prunes, almonds, marinated cherries as well as the subtle undertones typical of a Pinot Noir such as melted dark chocolate and leather. Of medium density and structure this wine exhibits the typical elegance of a Pinot Noir with a finish of vigorous yet mature tannins. Due to its final 'acidic kick' caused by the grape varieties used, this wine can be combined with many dishes and is suitable for ageing.

## ESTATE WINES

### “TRADITION” PINOT BLANC, DRY

This Pinot Blanc is a modern dry white wine type that can be enjoyed even when the summer is over. Lively and with moderate alcohol content it suits many different occasions. Wonderful mineral notes add to the delicate and fine fruitiness that recall a Burgundy: Fresh pears, walnuts, dried apples and as a finish a hint of sweet melon. The wine's mild yet fresh acidity is perfectly matched by its great elegance. The vineyards are located in Laumersheim, Dirmstein and around Großkarlbach.
